

The screenshot shows a Windows command prompt window titled "cmd Shell - Python 3.13.5". The prompt is at the C:\Users\chat\Downloads directory. The user has run the command "python esp.py" and the output is displayed. The output shows the words "I love python" and the generated sentence "I love python".

```

C:\Users\chat\Downloads>python esp.py
I love python
Generated Text:
I love python

```
